IntimateTales Nutzer Plugin Configuration Guide

The IntimateTales Nutzer Plugin offers users the ability to personalize their profiles, preferences, and interactions. It integrates with ACF and provides real-time communication tools.

User Profile Customization

To customize your user profile:

1. Log in to your account.
2. Navigate to your profile settings.
3. Set preferences, likes, dislikes, and other personalized information.

ACF Integration Setup

The Nutzer Plugin integrates with ACF to enhance user preferences:

1. Install and activate the ACF Pro plugin.
2. Configure ACF fields for user preferences and settings.

Real-time Interaction Tools

Engage in real-time communication and collaboration with other users through the provided interaction tools.

For more detailed information on personalization, ACF integration, and interaction, refer to the official documentation.
